ENVIRONMENTAL AWARENESS

IGY and Yacht Haven Grande are fully committed to preserving the beautiful environment which attracts our guests to the Virgin Islands. We ask that you help us to ensure that our land and waters remain clean and safe. We have adopted marina rules to properly regulate activities that may cause pollution. We apologize for any inconvenience that these rules may cause, but hope that you will agree to help us preserve the environment for future generations of boaters.

In this spirit, we must ask that you adhere to the following rules:

- We have preserved the mangroves that line our shore as a barrier to erosion and as a key breeding ground for fish. Please do not do anything that might damage these important bushes. In particular, we ask that you not cut or break the mangrove branches.
- We have garbage receptacles strategically located around the marina property and the docks. Please use these receptacles for your trash. We regularly empty these receptacles during the day, but please feel free to contact the Marina Office if any receptacle is full or if your trash exceeds the capacity of the receptacle. In any event, please do not dispose of any trash (including food waste and other organic matter) into the water.
- We ask that you not undertake any work in the marina, which could cause the release of pollutants into the environment. For this reason, sanding, painting and similar activities should be done in a controlled area and generally, should not be undertaken in the marina.
- Discharge of septic systems, fuel, toxic cleaning agents, and other pollutants into the water in the marina is a violation of both our marina rules and US law. It is strictly prohibited.
- **Please note that ALL used oil, black water, and grey water removal must be done through the marina office in order to ensure safe and environmentally friendly removal and disposal.** Please contact the marina office to schedule waste oil, black or grey water removal, and for the most up-to-date pricing.
- Because the improper delivery of fuel, oil and lubricants also can cause pollution, delivery of any of the above products that have not been ordered through the marina office will not be allowed on the property.

We would be most appreciative if you would immediately contact the marina office if you see any violations of these rules.

During your stay with us, you can use the following address for receiving any mail, packages, or containers. Please contact the marina office for any questions or more details.

FUEL, OIL, AND LUBRICANT ORDERING AND DELIVERY

Please note that all fuel, oil, and lubricant orders must be made through the marina office. Delivery of any of the above products that have not been ordered through the marina office will not be allowed on the property. Please call the marina office for any orders or questions regarding the above.

Please also feel free to contact the Marina Office if you have questions regarding these matters.

PET POLICY

Customs and Immigration require the following for entry of pets.

- Pets must be free of evidence of diseases communicable to humans when possibly examined at the port of entry.
- Valid rabies vaccination certificate (including an expiration date usually up to 3 years from the actual vaccine date and a veterinarian's signature). If no expiration date is specified on the certificate, then the certificate is acceptable if the date of the vaccination is not more than 12 months before the date of arrival. The certificate must show that the dog had the rabies vaccine at least 30 days prior to entry.
- Pets are allowed at Yacht Haven Grande, but must always be on a leash. There are numerous outposts located for pick up of pet waste as well as "How Bout Your Pet" boutique located on-site for the fashionably fit pups.

While there are a large variety of restaurants on the island of St. Thomas, these are a few that are nearby that we personally recommend.

Some of St. Thomas' leading dining and entertainment can be found right here at Yacht Haven Grande. The restaurants at YHG feature four different and eclectic offerings that are sure to satisfy. If you're in the mood for more casual dining and upbeat nighttime atmosphere Fat Turtle is the place for you, while Hubby Bubbly is a Middle Eastern-inspired hookah bar. Wicked features a Caribbean cuisine that is moderately priced and for the culinary and wine connoisseurs Grande Cru is sure to wow any guest with its extensive wine list and artful cuisine.

The marina office is happy to assist with any questions you may have or reservations you would like to make.
