ARRIVE

To the Mediterranean's next great megayacht destination

Sibenik – the crossroads of Central and Eastern Europe on the beautiful Adriatic Coast.

The new Mandalina Marina & Yacht Club is situated in the coastal town of Šibenik on Croatia's Dalmatian Coast. Chosen as the "world's number one sailing destination" by *National Geographic* magazine, the site is noted especially for its UNESCO protected cathedral and two national parks – the waterfalls of Krka and the Kornati Archipelago. Šibenik is one of the oldest native Croatian towns and is noted as a center of culture and art. With the recent modifications to the marina, Šibenik is destined to become the region's premier gateway for megayachts, as it offers convenient access to the over 300 scenic islands on the Adriatic, as well as presenting an outstanding hub from which to cruise the Eastern Coast of Italy and the Eastern Mediterranean.
