St. Lucia offers everything you could look for in a Caribbean island. Its natural beauty includes rain forests, beaches, exotic birds and tropical orchards. In addition to exploring by sea, there are a wide variety of opportunities to hike, bird watch, and tour St. Lucia's natural attractions. Ride horseback along the beach; hike the volcanic Pitons sea islands; relax on a sunset cruise; go on a "party" catamaran to Soufrière; or plunge into the azure seas on a swimming, snorkeling, or SCUBA diving day trip. From Rodney Bay Marina, you have access to dozens of activities as well as shopping, sightseeing, Jeep safaris, trips to other islands and gourmet dining.
