Day 2 – Head over the largest of the four Lérins Islands, Sainte-Marguerite, and take a tour of the prison that held the “Man in the Iron Mask” for many years and hosts the maritime museum, where you can see collections of archaeology from the surrounding sea. Spend the afternoon, having a beach picnic then heading back to your yacht for some water sports off the coast.

Day 3 – Shop in some of the finest boutiques along the Boulevard de la Croisette. Stop and at some of the amazing chocolatiers along your trip. Once your shopping adventure is complete, take in a show at the casino and try your luck at one of the tables.

Day 4 - Sainte-Marguerite – About a mile from the city by boat is Saint-Honorat Island where you can see where you can have a beach picnic or dine by the water at La Tonnelle Restaurant, see how the monks of Lérins Abbey use ancient methods to produce 7 different delectable wines, and tour the monuments throughout the 40-hectare island. Head back to town and visit one of the casinos for drinks and dinner.

Day 5 – Enjoy a relaxing day at one of the private beach clubs where you can soak up the beautiful sunshine while being pampered with an incredible view of the sea. Indulge in some gastronomic delights at the restaurants along to beach. You can spend the afternoon visiting the Palais des Festivals et des Congrès and Chemin des Etoiles where the stars leave their signatures and handprints. Every year a select group of peoples’ hands are cast in stainless steel and added to over 140 casts already decorating the front of the Palais des Festivals et des Congrès.
